

CyberFair 2014 Inspire & Unite!

This year's CyberFair projects were truly outstanding and we encourage you to spend some time exploring the projects produced by youth organizations from around the world. The most exceptional projects told wonderful stories about your local community, provided details about the contributions of team members, and explained the impact of your work.

CyberFair is an opportunity to engage businesses, schools, and youth organizations in educational activities that improve academic achievement and contribute to mutual awareness and appreciation of their community history, leaders, issues, and needs. The theme for CyberFair 2014, "Inspire and Unite!," challenged youth to prepare for the future by thinking about their own future plans, the conditions that will affect the future of their community, and issues of global importance.

Below is a list of the rankings as determined by the Peer Review results and the evaluations by the International Judges.

+++++

2014 CyberFair Category 1 – Local Leaders

+++++

=====
